The exhibition presents over 90 of these great cars as individual works of art. Spacious Auto Galleries on two floors display about 90 historically significant and artistically inspired, and mostly one-of-a-kind, automobiles.

What a perfect combination, these unique cars and the largest train layout of European Trains in the US. The San Francisco Bay Area Chapter of ETE (European Train Enthusiasts) presents their modular layout from November 27 until January 10, Wednesday to Sunday 10am to 5pm .

PCA—Monterey Bay Region will visit Blackhawk Museum and the Train Show on Saturday January 9th, 2010. The Museum opens at 10am, special tours will be made for the Porsche fans. There are docents ready for you for both parts of the event, cars and trains. All other regions are very welcome to join MBR on this Saturday in the new year.

Additional information by Wolfgang Leitenberger, member of the European Train Enthusiasts and MBR Webmaster. (wolfgang@eisenbahnclinic.com)
